

## **Gabriel Bergstrom**

E-Mail: bergstrg@augsborg.edu

### **Technical Skills**

#### **Languages:**

Java, HTML, CSS/SCSS, JavaScript, SQL, Angular JS, JQuery, Android Studio  
Python, Spring Security, Hibernate

#### **Technologies:**

Jira, Crucible, Bitbucket, GitHub, Eclipse IDE, IntelliJ IDE, Webstorm IDE, DB Visualizer

#### **Version Control Systems:**

SVN, GIT

### **PROFESSIONAL EXPERIENCE**

#### **Reeher LLC, St. Paul, MN**

**June 2016 – August 2016 / June 2017 – August 2017**

Software Engineer Intern

With Reeher LLC I was working as a Full stack developer where I was put on projects that touched on everything from the database to the webpage and everything in-between. I had the opportunity to work with Facebook's API to implement Facebook login, messenger and sharing with the Reeher Class Agent platform and Reeher Class Agent mobile app. I also worked with Clearbit's API to gather and display social media information on the Reeher platform.

#### **Sauro & Bergstrom, PLLC, Oakdale, MN**

**April 2012 – Current**

IT Support/Reception Desk/Clerical Support

Throughout my time at Sauro & Bergstrom I carried out a variety of tasks:

- Providing onsite technical support for computer issues for an insurance and construction law firm
- Utilizing WordPress to maintain and update the firm website
- Updating and maintain the firm's social media accounts
- Scanning documents onto the online filing system
- Handling reception desk, including all incoming calls and greeting clients, attorneys, and vendors
- Interviewing and assist with potential new clients
- Emailing legal documents and information to clients, opposing law firms, and professional vendors
- Creating legal binders and files
- Recording and provide staff expenses to the firm bookkeeper on a monthly basis
- Depositing checks into the firm's bank account and trust account
- Scheduling meetings for attorneys and paralegals
- General assistance for attorneys and paralegals, including delivering checks, obtaining signatures, purchasing office supplies, and other miscellaneous work as assigned
